- Responsive web design
- JavaScript
- React
- API integration
- State management (Redux toolkit & Context API)
- Node.js
- Git version control
- Express.js knowledge
- NoSQL databases (MongoDB)

PERSONAL PROJECTS:

MEAL RECIPE WEBSITE

- I have used a third-party API to create a meal recipe website that prepares people to cook meals around the world by just following instructions and using specified ingredients.

ECOMMERCE

- Developed an ecommerce website where users can browse, search, filter and add items to their shopping cart
